

Too often, concern about safety stops adults from enjoying life fully. The truth is, a few simple “People Safety” skills can prevent or stop most harassment and violence. Our active, upbeat approach makes these skills easy to learn quickly. Invest a few hours with us for a lifetime of greater confidence in your ability to protect yourself and those you love!

Using examples relevant to adults of all ages, we’ll practice skills to:

- **Assess situations and respond quickly**
- **Project awareness and confidence**
- **Stop unwanted attention**
- **Use voice as a safety tool**
- **Set strong boundaries**
- **Take charge of emotional triggers**
- **Get help - and persist until you get it!**
- **Deal effectively with verbal aggression**
- **Stop most attacks before they start with a few simple habits**
- **Use powerful physical self-defense skills that need little strength and no ongoing practice. This class includes full force practice with a padded in structor.**
